What does Taekwondo mean to me!

From a young age it has always been a dream to obtain a martial arts black belt. I started down a path of working on a martial art; however as life changes so do priorities, which stopped me down that path. Over the years, my daughter has been looking at my colored belts from a different discipline, and she constantly asked me if she could join a martial art. My wife and I discussed it and we decided that we should do this as a father-daughter activity.

Looking at various clubs in the Sherwood Park area, I was looking specifically for a club that was family orientated. In talking to a friend of mine, he indicated that I should look at Valley Taekwondo as his brother-in-law was currently a black belt at this club and spoke highly about the club.

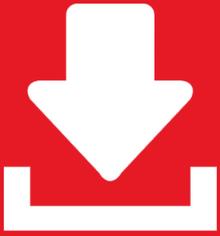

I got in contact with Monica Ma'am to find out more about the club, it became quickly obvious that Valley Taekwondo had similar values that I wanted to instill in my daughter. So in January of 2014 Evyan and I started down our journey.

Both my wife and I were very impressed that the Team of Master Adam and Monica Ma'am were there instilling Valley's core principles of loyalty, honesty, honor our parents, respect, cooperation and kindness. These core principles are ones that we want our family to have. Their teaming up, with us, also made them part of our family.

A common adage is that takes a village to raise a child, and Valley Taekwondo is part of our village. Thank you Adam and Monica for becoming part of our family in raising our daughter, and helping me to achieve one of my life long dreams.
